Stanley Kocon, Voith Hydro NA President and CEO, named to National Renewable Energy and Energy Efficiency Advisory Committee

YORK, Pa. (Jan. 5, 2023) – Voith Hydro North America President and CEO, Stanley Kocon, has been named to the 2022-2024 [Renewable Energy and Energy Efficiency Advisory Committee \(REEEAC\)](#). Now in its 7th Charter, REEEAC is established by the International Trade Administration within the Department of Commerce. Its purpose is to advise U.S. Secretary of Commerce Gina Raimondo regarding the development and administration of programs and policies to expand the competitiveness of U.S. exports of renewable energy and energy efficiency goods and services. Its [current members](#) span the renewable energy industry including developers, manufacturers, nonprofits, think tanks and policy organizations, finance, labor, and trade associations.

“It is an honor to join the Renewable Energy and Energy Efficiency Advisory Committee, and I look forward to working with my fellow members to formulate our recommendations for Secretary Raimondo,” said Kocon. “The Biden Administration has demonstrated a deep commitment to expanding renewable energy, relying on equipment and technology produced right here in America. Hydropower has a vital role to play in meeting the Administration’s energy

goals, and I am confident the world's original renewable energy source will be featured prominently in our final recommendations.”

The inaugural meeting of the 7th Charter of the REEEAC took place in December. In total, the 6th Charter of the REEEAC (2020-2022) held nine meetings and [submitted 12 recommendations](#) to the U.S. Department of Commerce.

About the Voith Group

The Voith Group is a global technology company. With its broad portfolio of systems, products, services and digital applications, Voith sets standards in the markets of energy, paper, raw materials and transport & automotive. Founded in 1867, the company today has around 21,000 employees, sales of \$5.2 billion and locations in over 60 countries worldwide and is thus one of the larger family-owned companies in Europe.

The Group Division Voith Hydro is part of the Voith Group and a leading full-line supplier as well as trusted partner for equipping hydropower plants. Voith develops customized, long-term solutions and services for large and small hydro plants all over the world. Its portfolio of products and services covers the entire life cycle and all major components for large and small hydro plants, from generators, turbines, pumps and automation systems, right through to spare parts, maintenance and training services, and digital solutions for intelligent hydropower.
