Martin Wawra to become a member of the Management Board of Voith Turbo

- Martin Wawra succeeds Cornelius Weitzmann and takes over as Head of the Mobility Division in the Turbo Group Division.

HEIDENHEIM, GERMANY. Martin Wawra, currently Managing Director of Voith Turbo in China and the joint ventures with CRRC, will take over as Head of the Mobility Division and become a member of the Management Board of Voith Turbo as of June 1, 2021. He will succeed Cornelius Weitzmann, who will take over from Dr. Uwe Knotzer as Chairman of the Board of Voith Turbo on June 1, 2021.

Martin Wawra is an experienced manager from the Heidenheim-based technology group's own ranks who has excellent knowledge of the turbo business. He joined the Voith Group in 1994 as an international sales engineer. From 2001, he was Managing Director of Voith Turbo Scharfenberg GmbH & Co. KG in Salzgitter and has been part of the Voith Turbo management team. Since 2011, he has been responsible in various management positions for the successful development of production and construction in China along important growth projects. He also headed sales for the Mobility division throughout Asia.

About the Voith Group

The Voith Group is a global technology company. With its broad portfolio of systems, products, services and digital applications, Voith sets standards in the markets of energy, oil & gas, paper, raw materials and transport & automotive. Founded in 1867, the company today has more than 20,000 employees, sales of € 4.2 billion and locations in over 60 countries worldwide and is thus one of the larger family-owned companies in Europe.

The Group Division Voith Turbo is part of the Voith Group and a specialist for intelligent drive technology, systems as well as tailor-made services.

With its innovative and smart products, Voith offers highest efficiency and reliability. Customers from highly diverse industries such as oil and gas, energy, mining and mechanical engineering, ship technology, rail and commercial vehicles rely on the advanced technologies and digital applications of Voith.
