Effective October 1, 2026, Tero Kokko will join the Board of Management of the Voith Group and assume responsibility for the Group Division Paper as President & CEO. He currently serves as Senior Vice President for pulp mills, pulp, energy, and circular economy at Valmet.

Mr. Kokko has extensive international leadership experience in the fields of automation, industrial solutions, and material handling. Before joining Valmet, he held various leadership positions at Kalmar, including that of Chief Operating Officer of Kalmar Automation Solutions. He began his professional career at Metso Automation, where he gained extensive experience in automation and control technologies.

Tero Kokko holds a Doctor of Technology in automation and control engineering, as well as a Master of Science in automation and electrical engineering from Tampere University of Technology. He also earned a Master of Science in Business Administration with a focus on finance and management from the University of Vaasa in Finland.
